 **FABRICWALL**

Stretch Systems for Walls & Ceilings

## DETAILS

DEPTH: 1"

**LOAD:** Top Load.  
The fabric is tucked into the track from the top down.

**USAGE:** Mid-Wall track. Use when two separate pieces of fabric are tucked to create a mid-wall joint. Creates a monolithic look to the fabric on the wall or ceiling.

**EDGE:** Beveled

**EDGE WRAPPING:**  
Not Required.
