

Poly Core

FabricWall's Polyester Core (FWPOLY) is an eco-friendly sound absorbing material made with 100% polyester. Polyester Core creates a comfortable environment by reducing noise reverberation without the use of fiberglass. The high performance surfaces of the Poly Core enhances the FabricWall stretch ceiling and wall system for installing in offices, schools and many other locations.

Core

1", 2" Polyester

Sizes

4' x 8'

Flammability

All components have a Class "A" rating per ASTM E84
